

These respiratory FFP1 masks are manufactured with a polypropylene outer layer, a polyester inner layer, latex-free synthetic rubber elastic band, an adaptable aluminium nose part and a polyethylene foam nose pad. They offer protection from aerosols and non-toxic liquids such as calcium carbonate, kaolin, cement, cellulose, sulphur, cotton, flour, coal, ferritic steel, vegetable oils and soft wood. It is particularly suitable for use in the textile industry, crafting, metallurgy, mining, underground public works, carpentry and woodwork.
